

# SHC Solar Award 2010

## Call for Nominations

For over 30 years, the International Energy Agency's Solar Heating & Cooling (SHC) Programme has worked to expand the use of solar energy for heating and cooling.

The **SHC Solar Award** celebrates the work of those committed to increase the expansion of this renewable energy source.

### **Submit your nomination today!**

The Award is open to individuals, companies, and private and public institutions. *Nominees shall have shown outstanding leadership or achievements, with links to the Solar Heating and Cooling Programme*, in one of more of the following areas 1) technical development, 2) market activities or 3) information dissemination.

### **How to enter.**

SHC Executive Committee members send your nomination directly to the Chairman, Doug McClenahan at [dmcclena@nrcan.gc.ca](mailto:dmcclena@nrcan.gc.ca)

For those that are not SHC Executive Committee members please send your nomination to your country's SHC Executive Committee member, contact information can be found at <http://iea-shc.org/about/members/executive.aspx>.

To be considered, your nomination should include:

- Name of nominee and coordinates (address, phone, fax, e-mail).
- Short statement of why the person should be selected.
- Brief description of how the person's work is linked.

Deadline for Nominees

May 1, 2010
